

## **Peter Manchak**

I have been in industry since 1974, (production accounting and corporate accounting) and moved into Land in 1980. I am looking for some arrangement to be able to still practice my trade, and maintain my home near Edmonton and would be flexible on pricing and availability. I am looking for contract work in negotiations, but again would consider carefully any positions which would be of mutual benefit. I have a well rounded background in land, am ethical and very capable in all facets of our industry. Through my tenure in land negotiations, I have handled Alberta, B.C., Saskatchewan, Beaufort/NWT, Yukon and onshore East Coast areas. Focused, capable, analytical, knowledgeable and ethical are my strong traits. Please contact me for resume.
